UPTIME YOU CAN COUNT ON

Reliable support for your light towers—keeping your work powered, protected, and productive.

24/7 TECHNICAL SUPPORT

GENUINE OEM PARTS

ON-SITE & FIELD SERVICE

LIGHT UP THE NIGHT. GET THE JOB DONE.

CK Power light towers keep your site running long after the sun sets. With reliable Kubota engines and the brightest LED output in the industry, they deliver unmatched visibility and safer worksites. Built for durability with a wide stance, strong build, and easy to move, no forklift required. Perfect for construction, mining, oil & gas, aggregates, and public works, these towers combine competitive pricing with CK Power's trusted support, giving you lighting that works as hard as you do.

CK POWER 4K

FEATURES

- Four 350 W LED lights, 210,000 total lumens, 24-ft tower.
- Kubota Z482 engine, 4 kW generator, one 120 V 20 A GFCI receptacle.
- Approx. 310-hour runtime before refueling.

UPGRADES

- Auto-start/stop controller.
- Selectable shore power inlet switch.
- Combination tow hitch.

CK POWER 6K

FEATURES

- Four 350 W LED lights, 210,000 total lumens, 24-ft tower.
- Kubota D1005 engine, 6 kW generator, one 120 V 20 A GFCI receptacle.
- Approx. 240-hour runtime before refueling.

UPGRADES

- Auto-start/stop controller, selectable shore power inlet switch.
- LED balloon lights, power-operated winch.
- Low-speed engine for ~ 300-hour runtime.
- One 240 V twist-lock receptacle, cold-weather package.

CK POWER PRO 6K

FEATURES

- Four 480 W LED lights, 244,820 total lumens, 24-ft tower.
- Kubota D1005 engine, 6 kW generator, 120 V 20 A GFCI receptacle.
- Coverage over ~33,000 sq ft at 0.5 fc, nearly 200-hour runtime.

UPGRADES

- Auto-start/stop controller, selectable shore power inlet switch.
- LED balloon lights, power-operated winch, hydraulic tower lift.
- Torsion trailer axle, cold-weather package, combination tow hitch.

CK POWER ULTIMATE 8K

FEATURES

- Four 480 W LED lights, 244,820 total lumens, 24-ft tower.
- Kubota D1105 engine, 7.5 kW generator.
- One 120 V 20 A GFCI receptacle, plus one 240 V twist-lock receptacle.
- Approx. 190-hour runtime before refueling.

UPGRADES

- Auto-start/stop controller, selectable shore power inlet switch.
- LED balloon lights, power-operated winch, hydraulic tower lift.
- Torsion trailer axle, cold-weather package, combination tow hitch.
